

5 Day Study Plan

How to Make a Five Day Plan

1. Break the material into chunks. If it can be divided by chapter or story use that. If not, make up your own chunks based on the structure of the material.
2. Plan to spend about 2 hours studying on each of the five days.
3. When you study the material, **review it, reread parts you do not understand, recite aloud the main points or ideas, and rewrite the answers.**
4. When you review, test yourself using multiple ways. The more ways you study, the better you will remember it.

For example:

Wednesday 4-5, 7-8	Thursday 4-5, 7-8	Tuesday 4-5, 7-8	Wednesday 4-5, 7-8	Thursday 4-5, 7:30-8:30
Prepare Review Materials (1hour)	Study the Faustus story (1.5 hours)	Study Twelfth Night (1 hour)	Review Twelfth Night (1 hour)	Review all material (20 min each story)
Study the Spencer story (1 hour)	Review Spencer (30 min)	Review Spencer (30 min)	Review Faustus (30 min)	Go to study group (1 hour)
		Review Faustus (30 min)	Review Spencer (30 min)
